

Heatmap showing the expression of five genes across six samples. The color scale ranges from red (high expression) to blue (low expression). The dendrogram on the left shows the hierarchical clustering of the samples.

Gene	SM	IA-I	3d	McJ	McJ	McJ
DAMd1	High	High	High	High	High	High
BAm2	High	High	High	High	High	High
CP2	High	High	High	High	High	High
MB-PL	High	High	High	High	High	High
MB-AM	High	High	High	High	High	High
