

Heatmap showing the relative abundance of *B. abortus* strains in different tissues. The y-axis lists strains: BAMv3 Ave, BAMv3 Add, MB-PL McJ, MB-AM McJ, and MB-PM McJ. The x-axis lists tissues: Brain, Heart, Kidney, Liver, Lung, Muscle, Spleen, and Testis. A dendrogram on the left shows hierarchical clustering of the strains. The color scale ranges from 0 (white) to 1 (dark red).
